TRAVEL WITH US TO BEAUTIFUL

COSTA RICA

April 17-24, 2018

JUST IMAGINE . . .

When you think about Costa Rica, you probably imagine lush tropical rain forest, flowing white rivers, spectacular waterfalls, exotic birds, butterflies, monkeys, frogs, and jaguars. You are guaranteed to see all that AND MORE!

Imagine yourself floating down the beautiful *Rio Penas Blancas*, where you're bound to spot a variety of wildlife: tropical birds, monkeys, poison dart frogs and much more!

The imposing vistas of the *Volcano Arenal* from the hanging bridges over the forest make a perfect combination for an unforgettable experience. You will be guided by a Naturalist, who will introduce to you a fascinating and colorful tropical rain forest world.

But wait, there's more!

The *Tarcoles River* is an extraordinary birding area we will explore by boat. Keep a lookout for over 400 species of shorebirds, seabirds, and mangrove specialties! And don't forget the wildlife you are sure to see, including the American Crocodile!

Manuel Antonio National Park includes a rainforest, mangrove swamp, beaches and coral reefs. While aboard a catamaran cruise along the coast you may see dolphins, humpback whales, endangered sea turtles, manta rays, sea birds and more!

Lodging will include all the amenities you have come to expect.

Pack your sunscreen and binoculars and camera for a once-in-a-lifetime experience with old friends, and be ready to make new friends!
